

BEITLER TAX BILL IS DEAD DECLARE SOLONS

Columbus, March 25.—Democratic solons today declared the Beitler bill, throwing into the hands of county auditors the work of making up this year's tax duplicate, is dead, and consequently Warnes law district tax assessors will do the work.

The statement was based on the decision of Democrats in the Senate to vote against the conference committee report on the bill, when it is presented to both houses this afternoon. Without the support of Democrats in both houses the bill would not receive a two-thirds vote necessary to pass an emergency measure, according to Attorney General Turner's recent ruling, and would be killed.

Referendum on the Gallagher bill, which seeks to amend the Green anti-screen law, to permit miners and operators to contract on a lump coal basis, was threatened today by representatives of miners' interests opposed to the measure, in case the bill is passed by the House and becomes a law.

Repeal of the present lobby law was proposed in the Senate today. Senator Fellingner, of Cuyahoga county, Democrat, said he had been requested to present a law for its repeal, and he is considering introducing such a measure.

GETTING RID OF SOCIALISTS

By Associated Press.

Berlin, March 25.—Dr. Karl Liebknecht, a socialist member of the Reichstag, has been mustered into the army as a member of a landstrum regiment in Alsace. A report yesterday said he had been ordered to place himself at the disposal of the military authorities.

This action is said to have been due to his voting against the budget bill in the Reichstag. He had vigorously protested against the war, and is said to be a leader of a secret German peace movement.

"FREE LOVE" CULT LEADER IS HELD

By Associated Press.

Canton, O., March 25.—G. A. George, leader of a new "free love" cult, is under arrest at Alliance, pending an investigation into the cause of the death of Miss Amy Tanner. Coroner Douds is working on the case with Alliance police and Alliance doctors.

Miss Tanner was received at an Alliance hospital Wednesday afternoon, where, after an operation, she died. Doctors in the case are quoted as saying that apparently an operation had been made on her before she was received at the hospital.

TURKS PUSH HOLY WAR MURDERING HUNDREDS

By Associated Press.

Tiflis, via Petrograd, March 24.—Advices from Urumiah, in northwestern Persia, describe the situation of the American Presbyterian mission stationed there as desperate. Turkish regular troops and Kurds are persecuting and massacring Assyrian Christians.

Dr. Harry P. Packard of the Presbyterian mission at Urumiah risked his life to prevent a frightful massacre at Geogtapa, where 3,000 Assyrians made their last stand. They had fought for three days and all their ammunition was gone. At this juncture Dr. Packard unfurled an American flag and advanced between the lines. This act saved all but 200 of the Assyrians, who had been burned in a church.

Fifteen thousand Assyrian Christians have taken refuge at the American mission, while 2,000 are at the French mission. A dispatch from Urumiah yesterday declared Turkish regular troops had entered the mission and hanged the French orthodox bishop and four clergymen, and insulted a missionary named Allen. Shortly before 60 refugees had been dragged from the French mission and executed, in spite of the pleas of the nuns.

Tiflis, March 25.—At Gulpashan, last of a total of 103 Assyrian villages to hold out, the Kurds ordered all the Assyrian men into the streets tied them in groups of five, marched them to the graveyard and killed them barbarously to the last boy. Girl babies and older women were executed with great atrocity, while younger women were carried away as slaves.

TURK FORTS HARD HIT

By Associated Press.

London, March 25.—A Reuter message says the Turks suffered enormous losses in the attack of the allied fleet on the Dardanelles, March 18. The greater part of the fortifications and powder magazines were reduced.

The Turkish submarine defenses are declared to have lost their military value, owing to the mines breaking adrift.

Two British destroyers on Wednesday penetrated the straits to a considerable distance.

GERMANS STOP THE SURRENDER

By Associated Press.

London, March 25.—The Evening Chronicle publishes a dispatch from Bucharest, Roumania, saying the Turkish government recently decided to surrender Constantinople and the Dardanelles to the attacking fleet. The surrender was all but arranged, the Chronicle says, when, at the last moment, it was blocked by Germany.

London, March 25.—"The Peace Party forced a vote at a recent cabinet meeting to send emissaries, one of whom was the American ambassador, to the Dardanelles, to negotiate with the commander of the allied fleet for the surrender of the straits and of Constantinople, says the Chronicle. Just as everything seemed settled, the German general, Von Sanders heard of the plan and nipped it with the threat of court martial for all concerned.

DECISIVE BATTLE NEAR IN POLAND

By Associated Press.

London, March 25.—Advices from Petrograd and Berlin today indicate the struggle in northern Poland is drawing toward a decisive stage. The Germans, who have been attempting to pierce the Russian line at Osowetz, are endeavoring to prevent the Russians from advancing to the north and south of the fortress, and interposing troops between it and the Russian border.

The official communication from Berlin today states that Russian attacks in these regions were repulsed. Petrograd asserts Russian troops, at places, are within a few miles of the border.

A report from Berlin says that the allies lost 1200 men and 134 guns in the last Dardanelles attack.

DOLL FINDS WAY BACK HOME

By Associated Press.

Berlin, March 25.—After being shipped from the little town of Gera clear across the Atlantic to Cincinnati and then back again, a gayly dressed little doll that was manufactured in the German village has come through a belated "Christmas celebration," into the possession of one of the children of a doll maker.

The doll was included in a big shipment of Christmas gifts from German-Americans in the United States to poor children here. In unpacking the case, one woman, a native of Gera, was struck by the familiar look of the doll, which bore the inscription "Made in Germany." Investigation showed it to have been manufactured in the town in which it had been shipped back from Cincinnati as a gift.

TEUTONIC SEA ROVER WAS SUNK BY CAPTAIN

By Associated Press.

New York, March 25.—German naval officers at Bremerhaven are quoted as authority for the statement that the cruiser Karlsruhe lies at the bottom of the sea in the West Indies, by Jesse Boyd, second officer of the American steamer Carib, that was sunk by a mine in the North Sea, who reached here today from Rotterdam, aboard the steamship Rotterdam.

Mr. Boyd said he spent five days at Bremerhaven, and through an old friend, now an officer in the German navy, obtained positive confirmation of the rumor that the Karlsruhe was

no longer afloat. She went down with the German flag flying from every mast and as she sunk the ship's band played martial music.

Mr. Boyd quotes his friend as saying a German bomb sent her to the bottom, after she had struck on a reef. Mr. Boyd's friend said members of the Karlsruhe's crew, at Bremerhaven, were decorated for valor by order of the Emperor.

The Karlsruhe struck the reef in December. The crew tried to free her, but were unsuccessful. When it seemed certain that she would be found by warships of the enemy, it was decided, Mr. Boyd said, to destroy her.

BRITISH REFUSE REQUEST OF U. S.

By Associated Press.

London, March 25.—The British government has refused the request of the United States that an American consular officer be permitted to take station at the port of Kirkwall, in Scotland, to report on American cargo ships detained there.

FRENCH SURE OF VICTORY

By Associated Press.

London, March 25.—Field Marshal Sir John French, commander-in-chief of the British expeditionary forces, today made the following reply to a question concerning the war, asked by Frederick Palmer at the British headquarters in France:

"Indeed there is no doubt of the outcome. I never was so confident of victory as I am today."

TYPHUS IS RAMPANT

By Associated Press.

New York, March 25.—Contagious diseases, including smallpox and typhoid, are epidemic among Austrian soldiers, according to Dr. Chas. McDonald, of Washington, who returned here today from Budapest on the steamer America.

"When warm weather comes, I believe typhoid will sweep through the Austrian army like a prairie fire," he said.

2,500,000 TO BE IN BREAD LINE

By Associated Press.

London, March 25.—Before the next harvest 2,500,000 Belgians will probably be in the bread line, in the opinion of Emile Franquei, president of the National Belgian Relief Commission.

PLAINTIFF IS BOUND OVER

By Associated Press.

New York, March 25.—Miss Rae Tanzer, who filed a \$50,000 damage suit against James W. Osborne, former assistant district attorney of New York, for alleged breach of promise to marry was held today for the action of the grand jury on the charge of using the mails to defraud.

Miss Tanzer burst into tears when the commissioner announced his decision, and was joined by her three sisters. Commissioner Houghton, in his decision, reviewed the testimony.

Only a Solomon, he said, could thoroughly understand the case, but he thought the government had produced sufficient evidence to warrant ordering the defendant held. She later furnished bond.

TRIAL IS ON IN LONDON TODAY

The trial of Raymond Allen, young farmer of near South Solon, against whom a paternity charge was filed recently, was held in London, Madison county, Thursday.

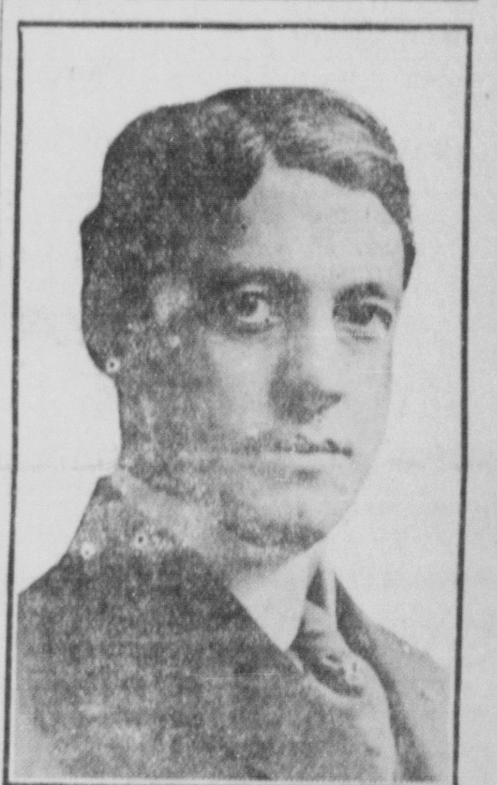

Allen, who is a son of James Allen, the Jefferson township man who faces the Fayette grand jury upon a charge of larceny at the next session, retained Rankin & Rankin, of this city to represent him. James Allen, Jesse Allen, Laura Patton, Cary Mitchell, Clara Allen, Chas. Selsor, Harry Allen and Clifford Groves, of northern Fayette, western Madison and lower Clark counties, were subpoenaed in the case.

NAME OF MOTION PICTURE CHANGED

At the suggestion of the leading lady, Miss Esther Leland, the name of the photoplay taken here this week will be changed from "Esther's Romance" to "Love Stronger Than Locks," and will appear under that caption.

The last of the pictures was taken Thursday morning at the Ortman garage, where the elopers are supposed to secure the car in which they make their escape.

Quite a deal of excitement was caused on East Market street Wednesday afternoon during the grinding of a scene in which the police pursue the elopers in an automobile. The car with the camera was first, and was followed, in succession, by that of the elopers and the police. Many residents on Market street witnessing the mad race from their doors and windows, and hearing the shouts and the reports of revolvers in the hands of the police, were greatly alarmed, not knowing that the principals were merely posing for the camera.

Director Fred Reynolds and E. A. Kiefer, camera man, left Thursday for Nelsonville and Jackson where they will stage like performances. Before leaving they expressed themselves as well pleased with the support they had received from local people, and opined that the film would be a great success.

OCEAN BOATS BOOST RATES

Washington, March 25.—Secretary Redfield gave out a copy of a letter which he received from a New York firm, selling agents for hosiery and gloves, which said that the firm is now compelled to pay for shipments of certain cotton goods from New York to Liverpool five times the amount they paid a year ago. It is stated that before the war the rate was 40 shillings per 40 cubic feet from New York to Liverpool, and after the war was declared the rate went up to 50 shillings; that up to about the time of the adjournment of congress the rate was 60 shillings, but since then it has been advanced to 75 shillings and now to 100 shillings for 40 cubic feet of the same goods.

Venna, March 25.—Cholera, typhoid and smallpox are decimating the Austrian troops in Transylvania, Bosnia and Herzegovina and along the Italo-Austrian frontier.

POWER CONCERN STILL SPREADS

The latest move of the Ohio Light and Power Company—the mammoth concern which for some time is said to have been negotiating for the purchase of the Washington Gas & Electric Company's property at this point, is the announcement of the expenditure of \$150,000 to build a high tension line from Newark to Thornville. A line already extends from Lancaster to Newark and is owned by the big power company.

The company in question is the one recently purchasing the Circleville plant, the Chillicothe plant, and which owns many other centrally located power plants in this part of the state.

It is said to be the ultimate intention of the corporation to own virtually every plant in this part of Ohio, with one or more centrally located plants, and transmission lines extending from the central plants to the surrounding cities.

The new line to be started next month is to be supported by steel poles and all danger of live wires eliminated as much as possible.

WILL OPEN PYTHIAN HOME IN EARLY JUNE

The new Knights of Pythias home for aged and indigent Knights, which is now being prepared at Springfield, will be ready for occupancy sometime in June.

The new home, which is being made from the splendid \$150,000 residence of the late P. P. Mast, is expected to offer a home to a large number of indigent members of the order, and is the first building of its kind to be located in Ohio.

It was the wish of the late P. P. Mast that his home be converted into a home for the aged Knights, and the Grand Lodge accepted his donation last June, and will dedicate the home next June.

WILL SOON BEGIN WORK ALONG TRACKS

Within a short time the C. H. & D. railroad will have a gang of men busy laying the brick paving on Main street so that the paving will extend entirely across the tracks of the company.

The paving will begin some two or three feet outside of the rails and when completed will afford the best crossing ever laid in the city.

The sidewalks are to be improved between the tracks and, according to information given out recently, the C. H. & D. crossings on both Main and Fayette streets will be in position to withstand the heaviest traffic.

JAMESTOWN WOMAN BADLY INJURED

Mary Hite, of Jamestown, is recovering from painful injuries received in a railroad wreck at Carlisle, Tuesday afternoon, when 19 other passengers were injured.

The train was the fastest on the C. H. & D. and was running fifty miles an hour when it left the rails at a curve, the tender and six coaches leaving the rails and plunged in a zig-zag line along the track.

Mrs. Hite is still in the St. Elizabeth hospital at Cincinnati.

Let's Improve Our Neighborhood Like This

"This street has improved a hundred per cent. It is a fine example of neighborhood improvement."

"A few neighbors started the movement. Each painted his home and planted grass and flowers. Then the spirit of 'Neighborhood Improvement' spread down the whole street with the result that you plainly see. It is a far pleasanter neighborhood to live in, while property values have increased amazingly. Let's each of us get busy and begin improving our neighborhood like this."

You will render wonderful service to yourself and neighborhood if you improve your home and surroundings. The first essential is good paint, and the paint you can depend upon to be good is

BIG MEETING OF AUTOISTS

Toledo, Ohio, March 25.—Four hundred delegates representing 125,000 automobile owners in Ohio will gather in Toledo Friday for the annual convention of the Ohio State Automobile association.

New features in good roads and traffic legislation will be discussed. The representatives of the clubs in the different cities will discuss the merits of the new highway code, and the taxation bill which provides for returning the net receipts of the automobile fees to the 88 counties in proportion to the amount paid in. This would materially reduce the road funds in the distinctively rural counties, and the automobile men declare the rural representatives have forfeited their right to the automobile money by killing the bill requiring lights on all vehicles.

The convention will be held in the Boody House and Friday night a banquet will be tendered the visitors by the Toledo club.

Fortified Tires

On the Better Road Above You

When tires go wrong, through faults which Good-year tires avoid, remember there's a better road above you. On it are some 400,000 users to whom Goodyears brought content.

Let each rim-cut suggest our No-Rim-Cut feature—the best way known to combat it.

Let each needless blow-out suggest our "On-Air" cure. At a cost to us of \$450,000 yearly, it wipes out a major cause.

Let each loose tread remind you that our patent method reduces this risk 60 per cent.

Let each puncture remind you that our All-Weather tread is tough and double-thick. And each skid suggest its sharp, resistless grips.

No Other Ways

No other ways so well combat these troubles. And no other tire employs one of these methods.

That's why Goodyears hold the highest place. That's why men last year bought 1,479,883—about one Goodyear for every car in use.

Reduction No. 3

On February 1st we made our third big price reduction in two years. The three total 45 per cent. Yet we retain every costly, exclusive feature. And we spend \$100,000 yearly to discover other betterments. We can and do give most for the money because of our matchless output

Poetry for Today

WHAT'S THE MATTER?

What's the matter with this town?
Nothing, sir, it's you!
Are you helping it along?
Lots of things to do!
Finding fault with this and that
Doesn't cure the ill;
Taking off your coat and hat
Is the way to fill the bill!

What's the matter with this town.
Anyway? you ask:
If there's anything that's wrong,
Righting it's your task!
Knocking, maybe, has its place,
But it's up to you—
With a bright and smiling face—
To do some boosting, too!

What's the matter with this town
Matter is that men
Find it easier knocking down
Than helping up again:
Let's get busy right away,
Lots of things to do;
Nothing matter with the town,
The matter is with you!

Rather An Increase Of Effort

"It never rains but what it pours" is the way one of the great comedians of the American stage expresses the old adage and that truism applies with particular force to the news of the day.

There never were, in a like space of time, more disclosures of social crimes in high places. The number of instances wherein men of wealth and prominence, leading dual social lives have been unmasked, is really appalling and enough has been spread broadcast in the press of the day to almost destroy one's confidence in humanity.

The monstrous crime which living a dual social life involves seems to be rampant. We read of it in widely separated sections of the country and the details and the fearful consequences are in every instance the same to a great extent.

Consolation may be found, however, in the belief that it is the exposure of the crimes and not their existence which at present shows such a remarkable increase and that, after all, must result in good, finally.

It is likely that the sleuths whose business it is to detect crime and punish criminals, are directing their efforts along special lines rather than an increase of that particular form of vice, which brings into public notice criminals of the dual life type.

Small though it is that should be of some comfort to those who are shocked by the news of the day in that regard.

Terre Haute's Political Scandal

The exposure of the existence of political corruption at Terre Haute, Indiana, while unpleasant to consider now, is none the less necessary and bound to bring about better conditions.

It is astonishing what great progress has been made toward better political conditions in this country within the last fifteen or twenty years.

People generally have come to realize that the day of the unprincipled boodler and grafter and the official lacking in all appreciation of the moral duties of his position, has gone forever.

Unfortunately there are a few isolated sections of the land where old time conditions still obtain and where political workers and office holders have not yet awakened to the fact that a new and a brighter day has dawned. Terre Haute seems to be, judging from the facts thus far disclosed in the disgusting proceedings, one of the few remaining spots that have not yet been revolutionized.

Terre Haute is a liquor controlled city and a gang ruled city and has been so regarded for a long time.

It is not surprising that the city now occupying such an unenviable position in the news of the day—a city where affairs, political and official, were dominated and controlled to great extent, by liquor interests and corrupt political gangsters—should be one of the last to see the great light.

But realization has come and with its coming unpleasant disclosures have come also. That was also to be expected.

While Terre Haute goes through the ordeal of purification the public generally may as well be resigned to read of unpleasant disclosures secure in the knowledge that the Indiana city will emerge from it all better and purer than ever before.

Modest Equipment For War Tends to Delay Resort to the Arbitrament of Arms

By JOHN D. LONG, Former Secretary of the Navy

SEE no objection to congressional investigation of our resources and preparedness in that respect and of a report in due season, with reference thereto. SO FAR FROM IT (THE WAR) OPERATING AS A STIMULUS OR WARNING TO US IMMEDIATELY AND ABNORMALLY TO INCREASE OUR WAR FORCES AND ARMAMENT, THE ARGUMENT, IT SEEMS TO ME, RUNS THE OTHER WAY.

Then, too, if we were now at once to put ourselves on the partly enlarged war footing so urgently advocated at present our equipment would probably be antiquated and not up to inventive advances before any emergency called for its use against a world power. I am in favor of a reasonable, normal increase of our navy for coast defenses and international police duty and of maintaining in ships and men our continued rate of military preparation, but at present it seems enough to keep to that program without getting into a panic.

Of course it is true, as claimed, that if any chance of war with a better prepared nation should arise our comparatively modest but by no means inefficient preparation might not permit us to resort offhand to the immediate arbitrament of arms.

BUT, AFTER ALL, WOULD THAT REALLY BE A SORROW AND MIGHT IT NOT LEAD TO SOME OTHER MEANS OF ADJUSTMENT THAT WOULD BE LESS BLOODY AND COSTLY?

The Songs of Yesterday.

Where are the good old songs we sang,
The songs of yesterday? When
"Sweet Marie" the country rang, and
"White Wings" held its sway. And
where is "Annie Rooney" now, and
where's "Sweet Adeline?" And "Climbing
Up the Golden Stairs," we used to
think that fine. We sang "Down Went
McGinty" and "Two Little Girls in
Blue." And "Maggie Murphy's Home"
could get an encore out of you. "Sweet
Belle Mahone" has passed away,
"Goodbye, My Lover, Goodbye." "After
the Ball," you'll recollect, once brought
tears to your eyes. And where is dear
old "Peek-a-Boo," and "Mother Told
Me So?" And how we long for "Dear
Louise" and charming "Molly O!"
Where are the good old songs we sang,
the songs that once held sway? Just
hum them o'er and feel the pang, the
yearn for yesterday.

Our Daily Special.

A man with a level head never
butts in.

Luke McLuke Says

A cursory glance is the look mother gives father when she has company for dinner and father asks her where she borrowed the table napkins.

The reason an old maid doesn't mind being single is because she knows she was born that way.

A ten-year-old girl hates to be kissed. But she soon outgrows it.

The more relatives a man has the more he loves his friends.

If a girl sends a man a bottle of perfume, that is all right. But if a man sends it to him he wants to fight.

Cheer up! Don't kick because people do not do more for you. Be grateful that they are not doing more to you.

Before he gets her he promises that after marriage he will grant her slightest wish. And he would, too, after marriage, only she never makes a wish that is slight enough.

Ignorance may be bliss, but a woman never thinks of that when a letter addressed to her husband is delivered at the house when he is downtown.

When mother comes home and proudly announces that she has been elected president of the Woman's Society For the Study of Political Affairs father gets so mad that he slams the door and goes out and elects himself president of the Men's Society For the Study of Alcohol.

A woman studies the styles in the Sunday paper, but can't make up her mind which she likes best because she knows that by next Sunday the styles will have changed again.

Every married man knows that he could run the house on what his wife wastes in the kitchen, and every married woman knows that she could support two families on what her husband spends downtown.

THRILLING STORY OF A REFUGEE

Escapes With Her Children From Mexico City.

New York, March 25.—Black small-pox and starvation are threatening the City of Mexico; there is no city water left, no food for the starving, no streetcars; the bakers' and dairymen's shelves are bare and their shops, like all other stores in the capital, are closed and barred. Through the streets lawless swarms of Zapatistas and Villistas yell insults at women and shoot and rob by day as well as by night.

That, at least, is the way the latest refugee to reach New York from the Mexican capital—Mrs. Mary Burton, an English gentlewoman, who for ten years past has been teaching in Mexico City in a private school for daughters of the Mexican rich—described conditions in the Mexican capital, when Mrs. Burton fled under fire to the seacoast with her four small children and a maid.

For four years, Mrs. Burton says, John B. McManus, the American killed in his house in Mexico City by Zapatista soldiers on March 11 last, supplied her and her babies with milk, and she knew him intimately. He lived only a short distance from Mrs. Burton's home in the American colony. She said McManus was killed when he resisted robbers who had broken into his place.

M'FADDEN AUTOMOBILE GOES INTO MILL RACE

While making a sharp turn in the road one-half mile north of Mt. Sterling about 2:30 Thursday afternoon, Dr. L. M. McFadden's closed touring car, containing Dr. McFadden, Dr. T. W. McFadden, a patient, Mrs. Roy Rankin and the chauffeur, Lee Vance, plunged over the embankment into a mill race, and the entire party had a narrow escape from death.

The accident occurred just as the machine was completing the turn, and is supposed to have been due to slippery roads, or the steering gear going wrong.

CHURCH GOING PROBLEM WILL BE DISCUSSED

PASTOR WRITES LETTER TO OFFICIAL BODY ASKING REASON FOR LAXITY OF CHURCH MEMBERSHIP IN ATTENDING SERVICES, AND WILL DELIVER SERMON UPON TOPIC — REV. GAGE ANNOUNCES SERIES OF SERMONS.

In line with the general movement now on in this city to increase attendance at Sunday school and other church services, Rev. William Boynton Gage, of the First Presbyterian church, has issued the following letter to the official body of his church, and included in the communication is the announcement that he will deliver a series of sermons upon the question of lack of church attendance. The letter follows:

March 24, 1915.
To the Officers of the Presbyterian Church,
Greetings:—

Why don't the Presbyterians of Washington Court House go to church more regularly? That's the theme of my Sabbath evening sermon, and I am writing our officers that each may send me a letter, expressing themselves on the matter, having the same in my possession by Friday night.

Our congregations have been very good, and have been steadily increasing, but it would help wonderfully did I know why so many of our constituency stay away habitually or occasionally.

Frankly, not being long a resident, I find myself at a loss to understand the mental attitude of the average church-belonging citizen, to the matter of church attendance. I neither want to scold my people, or to find fault with them. But I do desire to understand them thoroughly, that I may minister to them, and spiritually assist them. And you being laymen, can be of wonderful assistance to me. And whatever ideas you may have, I shall be glad to impart to

LION SHOWS UP

The weather of Thursday, coupled with the weather man's declaration that snow and colder weather will be here Friday, bears out the oft repeated statement that March, if it comes in like a lamb, will go out like a lion.

The fair weather at the beginning of March compared with the present weather indicates that there is much truth in the old proverb.

A QUEER EASTER CUSTOM.

In Warwickshire, England, Shakespeare's home county, there was observed from ancient times a queer Easter custom known as "clipping the churches." It is described by an old time writer as follows:

"When I was a child, as sure as Easter Monday came, I was taken to see the children 'clip the churches.' This ceremony was performed amid crowds of people and shouts of joy by the children of the different charity schools, who at a certain hour flocked together for the purpose. The first comers placed themselves hand in hand with their backs against the church and were joined by their companions, who gradually increased in number till at last the chain was of sufficient length completely to surround the sacred edifice. As soon as the hand of the last of the train had grasped that of the first the party broke up and walked in procession to the other church (for in those days Birmingham boasted of but two), where the ceremony was repeated."

Easter formerly witnessed many quaint customs in England, but most of them have died out in recent years.

"Well, we have exhausted reason, logic, common sense and justice. What more can we do?"
"I guess we'll simply have to go to law."—Life.

THURSDAY SUPPERS BECOMING POPULAR

The Thursday evening suppers, instituted two weeks ago at a meeting of the directors and members of the Membership and Physical Committees of the Y. M. C. A., have become quite popular and an effort to continue them indefinitely is being made.

These suppers serve a double purpose: They are attractive from a social standpoint, and they get together with regularity the heads of these important departments, with a resultant profitable increase of determination in the work of the bodies. At each supper a different member acts as host.

Special interest is manifested in

tonight's supper, as it will be followed by an eagerly awaited report on the success of the membership subscription endeavor undertaken by Chairman Peddicord of the Membership Committee last week.

FORMER RESIDENT DIES IN DETROIT

Mrs. Lelia Saxton Howe died Wednesday night at the home of Mrs. Lurella Severs, in Detroit, Michigan. Mrs. Howe spent most of her life in this city, but of late years resided in Detroit, where she was employed in the Hudson department store. She was a daughter of the late Dr. O. H. Saxton, and leaves a large family connection in this county, including two aunts, Mrs. R. C. Hunt and Miss

Anna Saxton and an uncle, L. P. Saxton.

A local undertaker went to Detroit to take charge of the remains and, which will be shipped to this city for burial.

WASHINGTON BOY SCOUTS
ARE TO BE REORGANIZED

LETTER FROM NATIONAL HEAD-
QUARTERS STATES THAT REG-
ISTRATION WITH CHIEF DE-
PARTMENT IS REQUIRED
WHICH WILL NECESSITATE
FORMING OF NEW ORDER HERE
—TENDERFOOT EXAMINA-
TIONS WILL BE HELD FIRST
OF APRIL.

Secretary Patton of the Y. M. C.
A. is in receipt of a letter from the
National headquarters of the Boy
Scouts organization, at New York
City, which states that, according to
the now prevalent rules of the asso-
ciation, all auxiliary organizations of
the order must be registered with na-
tional headquarters and since no such
registration of the local Boy Scouts
has been made it will be necessary
to reorganize.

In compliance with this require-
ment Secretary Patton announced
that Tenderfoot examinations will be
held the first of April—the actual
date to be announced later—and ef-
forts will be made to put into the
field a body that will compare favor-
ably with any in the country.

A few words in explanation of re-
quirements for joining the order
are given as follows:

The prospective Boy Scout must
first be a candidate, and it is there-
fore necessary to apply to the Y. M.
C. A. for enrollment. He then takes
the examination for third class en-
rollment—the Tenderfoot examina-
tion. To successfully pass the Ten-
derfoot examination, the applicant
must be over 12 years of age and un-
der 18; he must know the scout law,
the various signs, the salute, the sig-
nificance of his badge, the composi-
tion and history of the American flag
and the customary form of respect
due it; he must know how to tie the
four kinds of knots. Secretary Patton has
a book which explains these ques-

In Social Circles

Mrs. Fred B. Creamer's second
"Bridge" of Wednesday afternoon in
honor of Mrs. John Galvin, afforded
the group of society women brought
together as much delight as its fore-
runner.

As on the previous afternoon the
attractions of the beautiful home
were paramount, and a much appre-
ciated setting to the elaborate ap-
pointments duplicating those of Tues-
day.

Mrs. W. M. Mitchener won the
game's trophy, a superb cluster of
shell pink carnations and fern and
Mrs. Galvin was presented with a
corsage bouquet.

As the guests were gathering and
during the serving of the collation,
the piano player added to the enter-

Corn-Mad? Use "GETS-IT," It's Sure

Makes Corns Vanish Like Magic!

A hard cap of skin makes up every corn. When you put 2 drops of "GETS-IT" on it, it shrivels up and comes right off—and there's your corn—gone by thunder! Simple as taking off your hat! That's

Don't Waste Time "Hollering." "GETS-IT," World's Simplest Corn-Cure, Never Fails.

Why corn-millions have gone wild over "GETS-IT"—nothing like it ever known. Some folks, to this day, putter around with bandages, sticky tape, thick plasters, corn "pulling" salves, rouge corns out with knives, snip them with scissors, make them bleed and then howl because they can't get rid of sore corns. Use "GETS-IT." There's nothing to do but apply 2 drops. The work is done. "GETS-IT" does the rest. No pain, no fussing, no changing shoes, no limping. It never fails. Try it tonight for any corn, callus, wart or bunion. Be sure that you get "GETS-IT" and nothing else.

"GETS-IT" is sold by druggists everywhere, in a bottle, or sent direct by E. Lawrence & Co., Chicago.

Sold in Washington C. H. and recommended as the world's best corn cure by Brown's Drug Store, and Frank Christopher's.

Market the Milk
Raise your calves for beef, and get the bigger money to which you are entitled. But do not feed the calf whole milk, with butter fat worth \$600 a ton.

You can sell all the mother cow's milk and butter and raise your calf for 25% profit on raised, by raising it.

Blatchford's Milk Meal

The Recognized Milk Equal

You get 100 pounds of this milk meal from 100 pounds of Blatchford's Milk Meal, and it costs you only one-fourth as much.

It will make your calf grow faster.

Blatchford's Milk Meal is composed of all the elements the young calf needs in the most form of milk.

It is thoroughly steam cooked—prevents bacterial troubles and other ailments due to feeding.

Blatchford's Milk Meal makes rapid, sturdy growth of young pigs at breeding time. Prevents scurvy.

SENATE RECEIVES TAX BILL

Reconsiders Vote and Sends Measure to Committee.

IT WOULD CLASSIFY PROPERTY

New Civil Service Bill Reported to the House, but Minority Defeats Attempt to Set Early Date For Vote. Ott Labor Bill Returned to Committee—Defect in Oil Inspection Measure to Be Corrected.

Columbus, March 25.—After defeating the Collins resolution, calling for the submission of a constitutional amendment providing for the classification of property for taxation and the exemption of public bonds from taxes, the senate reconsidered its former vote and sent the resolution to the taxation committee, where it will be split in two sections. One section, in the form of a new resolution, will provide for the classification of property, and the other, in a separate resolution, will call for exemption of public bonds. By submitting each proposition separately, Senator Collins believes considerable opposition will be removed.

After vainly appealing to several former legislatures for compensation because of wrongful commitment to the Cleveland state hospital for the insane, Miss Ellen Hunt of Cleveland appears to have found a friend in the present legislature. That body voted to appropriate her \$5,000. She asked for \$10,000.

Discovery that the Ott bill, fixing the hours of employment of railway employees, had struck out of the general code the requirement that railway telegraph operators may not be kept on duty more than 15 hours out of the 24, caused the bill to be sent back to committee.

The Graham bill, relaxing the restrictions on the sale of adulterated food and flavoring extracts, was killed by a vote of 18 to 59. It was claimed the bill repealed the sections of the pure food law forbidding the sale of imitations for the real article, and requiring the label to state the ingredients, that no one was empowered to determine the "tolerances" and exemptions from standard which the bill permitted.

Edmund B. Haserot, clerk of courts of Cuyahoga county, paid his railway fare to Columbus and argued to a house committee against a bill which if enacted into law would give him about \$3,000 a year in fees. The bill, it is claimed, would break down the county fee and salary law.

Civil Service Bill Halted.

Wiping out all present civil service eligible lists and conducting new examinations for all positions now filled by persons who took a noncompetitive examination is contemplated in the new Barnes civil service bill, which the house committee reported with recommendation for passage. The new measure makes all appointees in the present classified service who took noncompetitive examinations and who have held their positions less than seven years "provisional" employees and provides that their places shall be filled "as soon as practicable."

An effort to set the bill for vote in the house next Tuesday was blocked by Minority Leader Kramer, who said he could see no necessity of considering the bill so soon. The Democrats refused the necessary two-thirds vote to suspend the rules for this purpose, the vote, 56 to 45, sending the bill to the foot of ten-page calendar.

Civil service experts say that conducting new examinations for state, city, county and school positions will require more than a year of time and will entail an expense of a half million dollars.

Having failed to secure the enactment of the Bragg quail bill as an emergency measure, in order that wild duck may be hunted this year, friends of the sportsmen are backing a measure introduced by Senator White of Erie to make the open season from Sept. 1 to Dec. 31 and from March 1 to April 20.

The plan to let the Moore oil inspection bill go to the governor for signature and invite a court test on it was abandoned. Instead, it was sent on its way to conference committee as a means of trying to cure a defect. Senator Moore explained this was necessary under the ruling of the attorney general.

OHIO BRIEFS

Opposes Military Training in Schools.
Columbus, March 25.—An Ohio branch of the National Woman's Peace society has been formed through the efforts of Mrs. Ella Reeves Bloor, and headquarters have been established here. Members of the executive committee are from Cleveland, Cincinnati, Columbus, Dayton and Springfield. One of the first acts of the society will be to protest against the appointment by Governor Willis of a commission to consider the advisability of providing for military training in public high schools.

Ohio Man Held For Ransom.
Jefferson, O., March 25.—Leonard Worcester of Jefferson, employed as a foreman for the Granby company, St. Louis, Mo., is being held for a ransom of \$9,000 by General Villa's forces in Mexico, according to word from Mrs. Worcester, received here by G. O. Beede, Mrs. Worcester's brother. She claims American Agent Carothers failed to investigate the case.

Woman Indicted in Poisoning Case.
Bellefontaine, O., March 25.—The grand jury indicted Mrs. Adelaide Bentz, wife of Charles Bentz, for the alleged poisoning of a two-months-old baby in her home at Lakeview. The indictment alleges that the baby was the daughter of Mrs. Ruth Madden and not the child of Mrs. Bentz, as the latter claims.

Gypsy Arrested.
Newark, O., March 25.—A fee of \$200 charged by Mrs. Ellen Smith, a gypsy, to locate a pot of gold on the farm of Mrs. H. B. Quick, near Homer, this county, resulted in the arrest of the gypsy near Zanesville, after Sheriff Swank had followed the woman more than thirty miles.

Miners' Local Loses Charter.
Columbus, March 25.—State officials of the United Mine Workers of America have revoked the charter of Roseville Local No. 2,225 because of the refusal of its members to return to work when ordered by the officials to do so.

Two Hurt in Explosion.
Napoleon, O., March 25.—O. R. Plummer was seriously burned on his head and I. E. Kile suffered abrasions on his face and his right eye was injured when a light tank exploded in the Plummer & Ritter motorcycle repair shop.

Female "Dope Field" Fired Upon.
Columbus, March 25.—Patrolman Bruck fired at and missed the fleeing form of a woman burglar, who had entered an East Side drug store. Several bottles of morphine, cocaine and other drugs were stolen from the store.

Convicted of Murder.
Toledo, March 25.—A jury returned a verdict of first degree murder in the case of Peter Skribner, thirty-six, who was charged with having shot and killed Kaiser Bartheck, a detective, on the night of Jan. 21.

Saloon Voted Out.
Marion, O., March 25.—By a majority of 14, in a local option election, Caledonia voted its one saloon out of business. Caledonia went wet in a former local option election.

Clothing Caught Fire.
Dayton, O., March 25.—Mrs. Elizabeth Hoster, ninety, died when her clothing caught fire from a lighted taper with which the woman was lighting her pipe.

Would Change Town's Name.
Canal Dover, O., March 25.—A movement has been started by the board of trade to change the name of this city from Canal Dover to Doverton.

MEATS AND GRAIN LEAD

Washington, March 25.—According to a statement of the department of commerce, February exports of breadstuffs, cottonseed oil, cattle, hogs and sheep, meat and dairy products, cotton and mineral oils, totalled a total of \$163,597,709 as against \$77,731,927 for February, 1914. Grain showed the largest increase, wheat jumping from 3,948,904 bushels in February, 1914, to 24,418,912 bushels in February, 1915; oats from 118,833 to 8,550,718 bushels; corn from 879,772 to 7,390,386 bushels. Fresh beef exports increased from 513,845 pounds in February, 1914, to 17,813,161 pounds in February, 1915; canned beef from 243,766 to 7,264,720, and bacon from 17,512,291 to 37,171,402 pounds. For the week ending March 13 the exports of copper amounted to 19,039,265 pounds.

PROTECTION ASKED FOR AMERICANS

Washington Makes Representations to Turkey.

HUNDREDS OF LIVES IN PERIL

American Mission at Urmiah, Persia, Attacked by Turkish Consul, Who Leads a Band of Seven Hundred Tribesmen—Secretary Bryan Directs Ambassador Morgenthau to Appeal to the Porte.

Washington, March 25.—The state department has directed Ambassador Morgenthau at Constantinople to ask protection from the Turkish government for American missionaries and refugees reported in peril at Urmiah, Persia. Secretary Bryan cabled Ambassador Morgenthau after official notification reached the department from American Consul F. W. Smith, stationed at Batum, Russia, that the lives of Americans at Urmiah were endangered and that attack upon the American mission there had been led by the Turkish consul, Raghib Bey, at the head of 700 Askarias. Consul Smith's message came from Tiflis.

How to get relief to the imperiled Americans in such a remote spot was seriously considered by officials of the department. The nearest American ships, it was found, were the cruisers Tennessee and North Carolina, in Mediterranean waters, and it would be geographically impossible for them to get to the scene. It was determined, therefore, to make immediate representations to the Turkish government.

Dispatches received from Tiflis at headquarters of the Persian war relief committee in New York said all villages but three had been burned; that many people had been killed; women had been taken captives; the French mission had been destroyed and 15,000 refugees were at the American mission. It added there was great danger.

The United States government decided to call to the attention of the German government a bomb attack reported to have been made recently by a German aeroplane on the Belgian relief commission steamship Elfrida in the vicinity of the Dutch coast.

Another investigation to determine whether American shipyards are building submarines for European belligerents was ordered by Secretary Daniels. Naval officers stationed at private plants on both the Atlantic and Pacific coasts were directed to make inquiries and report to Washington.

ROOSEVELT TO APPEAR

Washington, March 25.—Colonel Theodore Roosevelt has been invited by Senator Walsh, chairman of the senate committee that is investigating the ship purchase bill lobby, to appear and tell the committee how he came to write certain suggestions in the magazines that the legislation was proposed for the benefit of foreign shipowners. Colonel Roosevelt has been invited to appear Saturday, but the committee can change the date to meet his personal convenience. Chairman Walsh said that he had no thought that Colonel Roosevelt would decline to appear, but suggested that he could be subpoenaed if necessary and would be subject to such process. The charges implied, if not expressively made in Colonel Roosevelt's writing, are much the same as those voiced by Senator Burton on the floor of the senate at the time he introduced the resolution calling for the investigation.

WOULD END COAL STRIKE

Coshocton, O., March 25.—International Secretary William Green of the United Mine Workers and other national, state and district officers of the miners' union will attend the meeting Monday here of all Coshocton county coal miners and operators. An effort will be made to end the strike, which began April 1, 1913, throwing 1,000 men in the county out of employment.

SEN. POMERENE MAKES DISCOVERY

Washington, March 25.—Senator Pomerene of Ohio, one of the leading lawyers of the senate and member of the senate committee on privileges and elections, has reported to the president that a federal presidential primary statute would be unconstitutional. Mr. Pomerene made a thorough investigation of the subject as a member of the senate committee on privileges and elections, which was considering such legislation. He has sent an unfavorable report to the committee as well as to the president.

DECLARES EVIDENCE WAS MANUFACTURED

Indianapolis, March 25.—That evidence had been manufactured for the use of the defense in the trial in United States district court here of the Terre Haute election case was the testimony of Edward Holler, chief of police, who has pleaded guilty. Holler, who testified several days ago regarding registration, was recalled to relate his part in election day activities.

OSBORNE SAYS HE NEVER SAW MISS TANZER

Defendant in \$50,000 Suit Called to the Stand.

New York, March 25.—At the hearing into the criminal charge against Miss Rae Tanzer, who is suing James W. Osborne, noted lawyer, for \$50,000 for breach of promise, Osborne swore that he never saw Miss Tanzer until he came into court; that the only time he ever communicated with her was just before her civil suit was started, when he called her up to ask that she stop writing letters to him hinting of the forthcoming suit. If there ever was an Osborne who became friendly with the girl, he said, it was another man. The proprietor of a hotel in Plainfield, N. J., where Rae Tanzer alleges she and Osborne registered as man and wife, backed up Mr. Osborne in declaring that the man with Miss Tanzer on that occasion was not James W. Osborne.

On the other side were aligned Miss Tanzer's three sisters and the clerk of the Plainfield hotel. Two of the three sisters swore they came in frequent contact with the Osborne who was courting their sister, and that they could not be mistaken in his identity—he was James W. Osborne. The third sister said she saw her sister's courtier once for a brief period and that he resembled Osborne very much. The clerk was positive that it was Osborne who registered at the hotel with Miss Tanzer on Oct. 18 last. Rae Tanzer made a side statement that James W. Osborne is the man. This is the alignment and this is the question that eventually will have to be decided by a jury.

Miss Tanzer is fighting a charge of using the mails to defraud, brought against her by Osborne.

CORNS LIFT OUT

Dr. Hunt's New Penetration Method
Loosens Them Root and All.
FULL SIZE BOX 10c.

No corn ever went so easily, quickly or surely as by Dr. Hunt's new way—the penetration principle of permanently curing corns. Dr. Hunt has devoted a life of study to this one subject. The final result is an entirely different method—a method by which corns GO forever in two short days.

Dr. Hunt's New Corn Cure comes in a simple plaster form. Six plasters in a box. Cut plaster size of corn and apply it. Don't "bulk" like clumsy pads. Contains no caustic to smart or cause blood-poisoning. No paring necessary. Wear any shoes. Ease comes the moment you apply this remedy. You walk in comfort. You forget your feet. In two days corn lifts out.

Nothing like Dr. Hunt's New Corn Cure has been known before. It is an entirely new principle. Millions of packages have already been sold. Cures any corn. They must go. And the price is only ten cents a box. Guaranteed or money back. That's little to pay for foot comfort. Sold by druggists and shoe dealers everywhere. Cut your corns once and for all, this new way. If any difficulty in securing, send 10c in stamps for a box, to American Chemical Company, Sidney, Ohio.

The Independence of Mrs. Waters

An Easter Story

By C. A. AIKENS.
[Copyright, 1915, by American Press Association.]

“WE'RE thinking of a sociable to try to get some money to get the church painted by Easter. I suppose you have noticed how dreadfully shabby it is getting to be.”

Mrs. Oscar Holmes, the banker's wife and the spokesman of the committee of three, had her little book and pencil out.

“The church needs more'n a coat of paint. It needs more grace and gumption,” Mrs. Waters said almost savagely. “No, I don't think you need to count on me for anything.”

The people of Progress had learned that when Mrs. Waters said “no” she usually meant it. “She's so queer, so independent, you know,” the ladies said when they got out of hearing distance. “I don't believe for a minute it's stinginess; it's independence.”

“No, it's not stinginess, I know that,” Mrs. Holmes said, “because when we were packing the missionary box and everybody was bringing second hand stuff to put in it she wouldn't give us a thing; said she didn't believe in giving old clothes away and calling it charity, or giving to the Lord and trying to get credit on a report for it. She said she'd write the missionary's wife a letter and put it in the box. And, would you believe it, she put a whole dollar's worth of postage stamps and a ten dollar bill in that letter, and we never would have known a thing about it if the missionary's wife hadn't written back to the society.”

Since the Waters family had moved to Progress, five years before, Mrs. Waters had certainly earned the reputation of being independent and—well, “queer.” The first experience the Progress people had of her “queerness” was when she refused to borrow and lend with her neighbors.

“No, indeed,” she said, “I ain't that kind of a woman. I never did believe in the plan. You lend me your stew kettle and I'll lend you my frying pan.”

And yet often after this sharp tongued lady had been cooking the children might be seen carrying some little delicacy to old bedridden Mrs. Fraser. The neighbor across the way said that Mrs. Waters had made a little cushion and sent it over to a crippled child.

The little church in Progress surely did need a coat of paint. In fact, it needed paint outside and paint inside, it needed plaster, it needed a new floor and the foundation at one corner was crumbling. “I believe I'll just go and jog up Ezra about it,” said Mrs. Waters. And jog Ezra she did to good purpose.

“If folks would only stop so much clikin' o' tongues and ask the Lord what he'd got to say about fixin' up his house they wouldn't have to do so much chasin' round gittin' eggs and cream and freezers,” she said to Ezra that night when they were discussing it. Do you suppose, Ezra Waters, that if they'd really got down on their knees to tell the Lord about this doin's, if they'd said in serious, solemn earnest, ‘Lord, we want to paint up your dwellin' place; we're kinda ashamed of it—how do you think we'd better go about it?’ and then waited patiently and prayerfully for his answer, do you suppose the Lord would have said, ‘Glt up a sociable? Not a bit of it! He's told them plain enough how to go about sich things. Nothin' could be plainer than what he's said about the tenth. Come to think about it, Ezra, how much have we got in that tithe box?’

“I guess there is a right smart little sum,” Ezra answered, “but, you know, that little Indian girl's schoolin' will be comin' due soon. We always pay it ‘long about this time.”

“At the close of this meeting,” the preacher announced at the Thursday night prayer meeting, “there will be a meeting of the Ladies' society to discuss plans for the coming Easter festival.”

Before they could get well turned around Mrs. Johnson Pepper, the president of the Ladies' society, said:

“The meeting will please come to order,” she said briskly. “The object of this meeting is thoroughly understood, I presume, but in case there may be some here who were not at the preliminary meeting might explain that the church is very shabby looking, and we'd decided to paint it before the summer folks got here for another season. We are going to have a sociable to try to raise the money.”

“I'd like to ask,” said Mrs. Waters, rising to her feet, “if it's the opinion of this meetin' that the Lord wants us to have this affair to patch up his house.”

“Why, there's surely no harm in holding a sociable,” said the president. “Tain't that,” said Mrs. Waters. “Tain't that at all. If the people want to git together every week to enjoy themselves I'm willin' they shall do it right in the church if they want to. But for my part I don't believe in spendin' much on patchin' up this old place when it's locked up 162 hours a week and only opened six. But it kind 'a hurts me to think we've got to slave ourselves and expose our poverty before the world by goin' out an' sellin' stuff to git a new coat of paint for the Lord's house. You know that the Lord said the church was his bride, and do you know I don't believe the Lord would be a bit pleased to see his bride a-turnin' an ice cream freezer to git money for a new coat of paint. I don't believe it, nor Ezra don't either. We both think the Lord ought to have a bran new house here in Progress, a house that won't be shut up, as I said, 162 hours out of every 168. We've been readin' about that church in Philadelphia where they have kindergartens and readin' rooms and kitchens and livin' accommodations, and we want a church like that here in Progress, one for old and young, that will be open seven days in the week and till 10 at night. Ezra and me'll give the first hundred and the last hundred dollars if the people'll build that kind of a church.”

“And to think,” said Mrs. Oscar Holmes when, the week before the Easter of the following year, she was showing a friend around and discussing plans for the opening of the new Progress Institutional church, “that any of us was ever mean and unkind enough to say stingy about Mrs. Waters!”

“This is the ladies' room, and,” pushing back a folding door—“this is for the men. This other room is for the kindergarten in the daytime, and the bigger children will play games on

these little tables in the evenings. This is the reading room, and this is the kitchen. Isn't that a lovely pantry? Mrs. Waters says there's nothing about the church gives her more genuine satisfaction than this kitchen.

“Bless her old heart! If it hadn't been for her we wouldn't have this church. But, then, she certainly is queer.”

THE EMPTY TOMB.

Its Story and Significance Told In Easter Sermon.

It is Friday afternoon. With “It is finished” his head drops upon his breast, and the hopes of his disciples are shattered. Pilate is glad to find some balm for his uneasy conscience by granting the request of the rich friend, Joseph of Arimathea, for the body. Nicodemus, scholarly, timid and shrinking, comes into the light again, joining in the embalming, because he cannot forget the evening's talk with the great Teacher. The tomb is sealed. He is alone, save for his watching enemies, The world's hopes are dead. In him they had flamed high; now they are ashes. They who loved him cherish the past, but have no future. The long sorrowful Sabbath day at last is waning; the first day is dawning.

Through the mists of the morning, hands laden with the treasures of the heart, while silver light of star and golden gleam of sun mingle, the Marys sadly seek the tomb, hoping to perform the last service of loving devotion. They approach with timidity, fear, awe, wonder.

Lo, the stone is rolled back! One sits upon it clothed in light. He has hastened from heaven to anticipate their coming and to change their sorrow into song by the announcement, “He is not here; he is risen.” The women hasten to tell his disciples. Hope, the last spark of which had gone out, is kindled again in human hearts. Forty day he lingers on the earth until the most skeptical cries, “My Lord and my God!” Every disciple becomes a herald of his resurrection. They seal their testimony with their blood.

Only the fact of Christ's resurrection can explain the revived hopes of his despondent followers. Only a personality that lives can rule the world as Christ rules it today. Every believer may share this Easter morning the resurrection hope as it sends the sunlight of heaven into every darkened heart and into every open grave, revealing anew, “He is not here; he is risen.”

Every tomb is now empty. May you who stand, in fact or in imagination, by the grave of loved ones today catch the vision and hear the voice, “He is not here; he is risen.”

Death is not a wall, but a door into life. As evening promises morning, as winter spring, as the seed flowers, so death promises life.—Rev. Dr. George W. Shelton, Pittsburgh.

FIRES ON PROWLER

Paterson, N. J., March 25.—Harry D. Pipper, a guard at the Dupont powder plant, at Haskell, N. J., fired at a man who was prowling near a big powder magazine when the man refused a command to halt. The prowler dashed at Pipper, and during the struggle ensuing Pipper shot him in the left wrist and he dropped to the ground. Other guards hastened to the spot, but the man escaped. Since the war began, the Dupont Powder company has been working a day and night shift and has employed a special guard of 150 men. Three weeks ago a 100,000 pound powder magazine was exploded and five men were killed. Superintendent Bierwith says that he thinks the magazine was exploded by a spy.

CROWN PRINCE NOT WOUNDED

Munich, March 25.—The report which has been circulated abroad that Crown Prince Rupprecht of Bavaria has been seriously wounded by a shell is officially denied.

THE WORD EASER.

Easter to the French is known as Paques; to the Scotch, Pasch; the Danes, Paaske, and the Dutch, Paschen. St. Paul calls Christ “our Pasch.” The English name is derived from that of the old German or Saxon goddess of spring, Ostera or Eastre, whose festival occurred about the same time of the year as the celebration of Easter. When the early missionaries went to Britain they found the people worshipping this goddess, to whom the month of April, which they called Easturmonath, was dedicated. The missionaries substituted the Christian feast for the old heathen one, but they allowed the people to give it the name of their goddess, and so the word Easter came to be used.

CONTRACTORS EXPECT TO RESUME ROAD PAVING SOON

The work of completing the brick paving on the Bloomingburg and Midway pike may be taken up by Contractors Mark & Mark and completed before the work of paving the Jeffersonville pike is opened, according to a statement made by Mr. Fred Mark Thursday morning.

If the gravel can be obtained without delay for completing the paving north of Bloomingburg, that work will be done first, if the gravel is not available, then it is the intention of the contractors to open up the Jeffersonville pike paving early in April. Should the work north of Bloomingburg be first taken up, it will require some two months to complete the job, with the result that the Jeffersonville pike paving may not be opened until about June 1st. It is the contractors' plan to begin work on one of the improvements near April 1st.

About one-half mile remains to be

completed on the job north of Bloomingburg, and when finished the paving will extend from the corporation line of Bloomingburg to the south side of the Willis, or Bunker Hill.

The Jeffersonville pike paving consists of a stretch 5500 feet in length, beginning at the old corporation line and extending just beyond the barn yard gate at the Marchant farm. Another stretch of 823 feet of paving will connect the Jeffersonville pike paving with the North street paving, making an unbroken improvement extending from East street to the Marchant barn yard gate.

Indications are that the three improvements will keep the Jeffersonville pike closed for many weeks during the coming spring and summer.

It is expected that before the summer is over another contract for continuing the paving to the intersection of the Prairie pike with the Jeffersonville pike, will be let.

FIREWORKS AT EASTER.

Religious Festival at Florence Reminds American of Fourth of July.

Many strange Easter customs are found in Latin countries. In Florence it is the custom to extinguish the lights in all the churches on Good Friday as a symbol of the death of Jesus, the extinction of life. That this custom goes back to some Roman festival connected with the vestal virgins who kept careful guard over the sacred flames at the altars of their divinity is now believed by some historical authorities.

The lights having been extinguished, all is darkness and gloom until Easter Sunday. On that day the task of re-kindling the flames is entrusted to one ancient family, the Pazzi, members of which carry flints brought from the holy land with which they strike the new spark. Lanterns are lighted and in this way the lamps are relighted in all the churches of Florence.

This, however, is not spectacular enough for the multitude. Therefore an enormous car is loaded with harmless explosives and hauled through the principal streets of the city. It is drawn by two milk white oxen especially bred for this purpose and reserved for it from year to year.

Finally the great car, looking like an enormous pagoda, is stopped in the square in front of the Cathedral of Florence. The car has been followed, of course, by an enormous crowd, which stands around it in the great square waiting impatiently for the "Scoppio del Carro" (Explosion of the Car).

Arrived on the square, a wire is led from the car up to the chief altar of the cathedral, and when the lamp is lighted on the altar a "dove," a traveling pyrotechnical device shaped like the bird of peace, is released. Its fuse aflame. Swiftly it speeds down the wire, and as it strikes the car the dove explodes, setting all the fireworks in the car afire. Then comes the grand explosion amid the buzzes of the multitude, and Easter Sunday is ushered in to all Florence. There is little doubt that in this ceremony is a reminder of the ancient celebrations of the return of the sun to power, the real spring festival of the Romans.

Easter Day and Life.

It is characteristic of human life that its greatest day should be its saddest, full of suffering and sorrow. It showed how life in its essential nature was sad, but it was a day of hope, its sorrow full of promise, and this, too, is characteristic of human life.—Phillips Brooks.

Too Long.

Maud—Haven't you and Jack been engaged long enough to get married?
Marle—Too long. He hasn't got a cent left.—Boston Transcript.

GO TO CHURCH It Will Please Your Wife, Your Best Friend

GO TO CHURCH.

It will make your wife feel so happy. It pleases a man when his wife GOES TO CHURCH. If it makes him feel good to see his wife GO TO CHURCH it surely will make his wife feel better still to see him GO TO CHURCH. Next to your old mother, who perhaps is dead and gone, the best friend you've ever had is that brave little wife of yours. Remember the time you "WENT WRONG." If ever you needed a friend it was then. How quick she was to forgive. When through your blunder your money took wings she FIXED UP HER OLD HAT AND TRIMMED HER DRESS ONCE MORE. Tears started to her eyes when neighbors glanced significantly.

WHEN YOU WERE SICK SHE COOKED LITTLE D'INTIES, SAT AND READ TO YOU, QUOTED BITS OF SCRIPTURE AND STROKED YOUR HOT TEMPLES. TONIGHT, WHILE YOU ARE ASLEEP, SHE WILL BE UP WITH THE CHILDREN. GET OUT THOSE OLD LOVE LETTERS AND READ THE SPIRIT OF THEM, FRAGRANT AS LAVENDER. TOMORROW MORNING, WHEN THE STOVE GOES WRONG AND A HARASSED FACE GLANCES ACROSS THE TABLE, BE A LOVER ONCE MORE. PRAISE THE BREAKFAST. KISS HER GOODBY AT THE DOOR. SEE HER SMILE THROUGH THE TEARS. SHE'LL SING ALL DAY LONG. PERHAPS A YEAR FROM NOW YOU WOULD GIVE ALL YOU HAVE IN THE WORLD TO TAKE HOLD OF HER HAND. TELL HER YOU LOVE HER AND CALL HER YOUR OLD SWEETHEART. BUT, TOO LATE! SHE'S GONE FOREVER!

Make your wife happy by GOING TO CHURCH next Sunday. GO TO CHURCH with her if possible, but GO TO CHURCH if you have to GO TO CHURCH alone. It is in the house of God that you'll find consolation. It is there that you'll find happiness. It is there that you will be instilled with courage to fight the battle of life.

Make your wife feel happy.
Be happy yourself.
